### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Applicant's argument (see page 15, the second to last paragraph of Applicant's Remarks dated November 21, 2006) that the obviousness-type double patenting rejections in the instant application should be withdrawn in the instant application pursuant to MPEP 804(I)(B)(1), is persuasive. Therefore, the obviousness-type double patenting rejections of claims 1-2, 6, and 13-16 in the instant application are withdrawn.

Applicant's argument (see page 14, the first two paragraphs of Applicant's Remarks dated November 21, 2006) that the specification at paragraph 0051 provides support for figure 10A, is persuasive.

Concerning the Petitions to Expunge of March 30, 2006 and November 21, 2006, none of the information submitted in Response to Requirement for Information is important to a reasonable examiner in deciding whether to allow the application to issue as a patent, as set forth in MPEP 724.04(a)(E).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
